Dear To whom it may concern,,

Subject: Reference of Services
Our Ref:

I have worked with Darren and Silverstone for many years both as the CFO of one of my clients at Strathearn and more recently as a BI adviser to one of AJG's manufacturing clients.

Darren and Silverstone has wide ranging commercial experience and is very easy to do business with. I have complete confidence putting him in front of my clients to provide specialist BI advice.

Silverstone advised our client on key risk areas within their business and the level of BI cover required, specified suppliers and indemnity period.

I would recommend Darren and Silverstone to other brokers as a BI and forensic accounting expert with significant commercial experience at a very competitive cost.

Yours sincerely,

Scott Wright
Account Manager
